"Wow! I recently had the opportunity to hear from Dr. Carol Parker Walsh who was a featured speaker for our Black Speakers Network virtual community of over 9,000 members. During this virtual keynote presentation, Carol educated us on the topic of: S.H.I.F.T. Your Thinking and Ignite Your Calling. From our member engagement, I could see that our members found great value in this presentation. I am very proud to have Carol as a member of Black Speakers Network and look forward to working together in future opportunities."

Brian J. Olds - Founder Black Speaker's Network

"Carol was the keynote speaker for our annual Women in Business Conference. She's an inspiring and entertaining speaker and provided thought provoking content that the audience soaked up."

Marci Miller - Vice President Columbia Bank

"After I founded Women of Color in Pharma, a global professional society, I knew the women would benefit from Carol's expertise which is why I repeatedly hire her as a consultant to train, coach and present to the leaders and members. She's impacted the lives and careers of over 600+ women through her executive coaching, leadership skills, branding expertise, knowledge of organizational diversity and culture and motivational (and highly informative) keynote addresses.
